The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim1-5 are rejected under 35 U.S.C. 102(b) as being anticipated by JP 61212532 published 20 September 1986 or Bolt, J. et al Tetrahedron Letters (1976), (30) 2595-8.

No patentable weight is given to the analgesic properties of the compounds. The claims are treated as compounds per se and method of making.
